INDIA WIRELESS INFRASTRUCTURE – SEPTEMBER 2023

Welcome to India Inc.! The RAN market is buoyant with a swelling local ecosystem that boasts big international ambitions

Table of Contents

ABSTRACT	3
KEY TAKEAWAYS	4
INDIA'S RAN MARKET IS BUOYANT AND ITS SWELLING LOCAL ECOSYSTEM HAS BIG INTERNATIONAL AMBITIONS.....	5
THIS 5G RACE CREATED A RAN BUMP...	5
...THAT KEPT ERICSSON IN THE DRIVER'S SEAT FOR 1H23.....	6
<i>In the meantime, Samsung pursues its ascension by bagging Bharti Airtel as new 5G customer in the country.....</i>	7
<i>Samsung got the Airtel deal at the expense of Huawei and ZTE.....</i>	7
<i>In addition, Airtel picked Mavenir to introduce open RAN in specific parts of its diverse 4G footprint.....</i>	8
<i>As a result of such 4G diversity, Airtel needs to deploy 5G NSA to ensure a smooth transition from 4G to 5G.</i>	8
2023 IS LOOKING UP	8
<i>BNSL will add 4G to the mix.....</i>	8
<i>The 5G footprint ready for prime time, Airtel and Jio want to see more cheap devices to energize the customers.....</i>	8
THEN 2024 LOOKS LIKE A SHIFT YEAR	9
OUR LONG-TERM FORECAST POINTS TO A LUMPY RAN MARKET BUT OPEN RAN WILL BE THE BRIGHT SPOT.....	9
<i>Open RAN is the next BIG thing in India.....</i>	10
THIS BUMPY ROAD IS THE RESULT OF THE FORMATION OF A NEAR DUOPOLY.....	11
<i>...and the rise of a gigantic ecosystem with great international ambitions.....</i>	13
<i>So far, 4G LTE has remained the main focus of a large majority of these local vendors but there is a strong signal that 5G and open RAN are on the agenda.....</i>	14
<i>India's largest IT services firm, Tata Consultancy Services (TCS), is already joining the 5G party... ..</i>	14
<i>...and finally, India is actively working on promoting exports of 4G, 5G and future 6G systems</i>	14
<i>Last but not least, what about a return of the Chinese vendors in India?.....</i>	15
BOTTOM LINE: GET READY FOR MORE COMPETITION IN THE NEAR FUTURE	15

Abstract

This is our first report that focuses on the 5G developments in India, including traditional 4G and 5G RAN and open vRAN, geopolitics trends, Indian ecosystem, and technology. This report also includes cellular subscribers data by service provider, 4G and 5G BTS units and sales, a 5-year forecast for eNBs, gNBs, vCUs, vDUs, RUs, and RAN vendor market shares and analysis.
